PAS NOTES AND RULES

Your formative assessments contribute to your Cumulative Assessment (CASS) mark which is made up of the marks achieved for all formative assessments, including ICE. CASS is released progressively and contributes to, and may improve, your final module mark but will NOT prevent you from gaining entry into the summative assessment.

Please note all Submissions are submitted via Learn however not all assessment types require the SafeAssign plagiarism report for purposes of flagging plagiarism.

Please note that the deadline for all submissions is BEFORE 23h59 on each submission day. Any late submission received within 24 hours of the submission due date and time (known as the extended submission period) will incur a penalty of 15% deducted from the overall percentage attained for that assessment. Any submission made after the extended submission period will not be accepted and will be awarded 0%.

Please note that Resubmissions for Portfolios of Evidence, Summative Projects, Research Reports and Summative Assignments will not be a new assessment, they will be a resubmission of the reworked original assessment as per PDIIE009.

Please note that students who apply for a deferred assessment for the Exam Sitting 1 (First sitting) or Exam sitting 2 (Supplementary sitting) will write in the next available Exam sitting.

The Dean's Exam opportunity is reserved for students who qualify for ONE module outstanding to graduate only. Students will need to apply for this opportunity via the Student Hub.

Please note that this Programme Assessment Schedule is subject to change, please check the student portal for the most up to date version
